

Children's Drop in centre

Ambassador Feeney visited Svratisite za decu (Children's Drop in centre) in Belgrade on 13 May. The Embassy of Australia has provided a donation in food for the Centre for the next 5 months and thus facilitating the functioning of the Centre.

During her visit and talk to the children, Ambassador Feeney emphasized the support of Australia for inclusion of street children in the educational system of Serbia as well as protection of their human rights.

The Drop in Centre plays a crucial role in realizing the rights of street children, identifying at-risk children and cases of violence, abandonment, trafficking and abuse.

In 2014/2015 direct assistance will be given to at least 300 children directly within the facilities in Zvezdara and New Belgrade.
